What is a Lions Club

**Where there's a NEED,
there's a LION**

Whenever a Lions Club gets together, problems get smaller. And communities get better. That's because we help where help is needed – in our own communities and around the world – with unmatched integrity and energy.

The World's Largest Service Club Organization

Our 46,000+ clubs and 1.4+ million members make us the world's largest service club organization. We're also one of the most effective. Our members do whatever is needed to help their local communities. Everywhere we work, we make friends. With children who need eyeglasses, with seniors who don't have enough to eat and with people we may never meet.

Lions Clubs donate 100% of the money received from the public back to the community.

Contact us

Corning Lions Club was founded in 1926 to provide service to the Corning community and local area; as well as supporting Lions projects worldwide.

The club is open to all community minded men and women who wish to participate in an organization dedicated to community service and serving those in need.
